NEWS OF KANSAS.

Wichita's Freight Rate Committee Criticized at Home.

Prison Labor to be Employed at Ft. Leavenworth.

OTHER STATE NEWS.

State University Students to Select a College Pin.

WICHITA, Nov. 22.—The freight rate question is becoming an important one to this city. The council appointed a commission to look after the matter and gave them an office in the city building.

Hon. George L. Douglass says that he went to Chicago to see Receiver Walker of the Santa Fe, and received a promise that relief would be granted the city, if possible.

"The commission is overstepping its authority," said a city official this morning, "and I look for Mayor Cox to call them down at the next meeting of the city council. In fact, I think he will scalp them alive. They were appointed to confer with Judge Caldwell and not to go sailing away into eastern states after opinions from railroad receivers. United States Attorney Will Perry has in the past, and will in the future, do all he can to aid us in the fight."

"Then there is another point. This committee was not authorized to incur any extra expense and have no authority to appoint a secretary on a salary, as I hear they have done in this case, and that W. P. McNair holds this place."

The next session of the council may prove to be a lively one. Today the freight rate committee called upon the mayor to see about their powers in the premises and the duties they were expected to perform, and it is probable that some definite understanding was reached with regard to expenses, duties and other items.

KANSAS UNIVERSITY NEWS.

A Committee Appointed to Select a Suitable University Pin—Other Notes.

LAWRENCE, Nov. 22.—A mass meeting of the students was held on Tuesday afternoon for the purpose of adopting a regulation university pin or badge.

A committee was appointed, consisting of a representative from each of the different departments. It is quite probable that the committee will adopt a pennant flag, the background of which is crimson, and bearing the letters K. U. in gold, though some are in favor of a button with the letters on it.

SCARED BY MASKED MEN.

Deputies Go From Brown County on Request of a Falls City Operator.

ATCHISON, Nov. 22.—A man named Hurst, night operator of the Missouri Pacific, at Falls City, and who was formerly of Huron, had a bad scare last night. About 1 o'clock a masked man walked into the waiting room of the depot, and turned out the light. Six other masked men then entered. Hurst naturally supposed he was going to be robbed, and so informed the train dispatcher at Atchison.

The dispatcher at once telegraphed the chief of Brown county, who secured several deputies, and went to Falls City on the north bound passenger train, which arrives there about 2 o'clock in the morning. The masked men left the depot a few minutes before the arrival of the train, but attempted no robbery. Hurst, the operator, is a man who was bound and gagged by robbers while at Huron, and locked in a box car.

MILITARY PRISON CHANGES.

The Commission Recommends the Employment of Prison Labor at the Fort.

LEAVENWORTH, Nov. 22.—The military prison commission on which Major General McCook is president, has concluded its labors at Ft. Leavenworth. A number of changes were agreed upon by the commissioners, among others to allow Captain Pope, the commandant, to have wider scope in the employment of prison labor, and that more outside work in beautifying Ft. Leavenworth should be done in the future. It was also decided to make labor day a holiday with the prisoners, and also to employ them as much as possible on work that did not come in competition with outside labor. All prisoners were given a chance to make complaint against the management, but only five appeared against the board. In every case the men were given a chance to make complaint against the management, but only five appeared against the board. MISSING CALLS NOT TO START A PAPER.

She will Merely have Charge of a Society Department.

ATCHISON, Nov. 22.—A story is going the rounds to the effect that Miss Constance Ingalls will start an equal suffrage paper in Atchison. She lately received an offer from a Falls City committee for a lecture, and numerous women write to her as "dear sister" and wish her good speed, although so far none of them have enclosed any money on subscription. There is nothing whatever in the story, except that she will have charge of the society department in a weekly paper to appear next Saturday.

OUTLAWS CAUSE A FRIGHT

Some of the Bill Cook Gang Visit Muscogee and the Town Goes Wild.

MUSCOGEE, I. T., Nov. 22.—Last night a half dozen members of the Cook gang were recognized on the streets by citizens of this town. The news was quickly reported and the town was in the wildest uproar. Citizens came from every part of the town armed with Winchester, shot guns and revolvers. But that is all that came of it. The outlaws made themselves scarce and no harm came to them.

About 7:30 last night James French, widely known as a dare devil of the Cook gang rode into Muscogee and put up at a dive for the night. At 8 o'clock, Tom Cordey, one of the marshals who has been hunting the band, organized a posse of ten men and returned to the dive and went through every room and outhouse, but Jim had disappeared.

Officers who followed the two bandits last night came in about dusk and reported that they had chased the bandits to the bottoms and there lost their course. Cherokee Hill was seen six miles north of Muscogee today. He had two Winchester attached to his saddle and two six-shooters on his person.

Lou Cook, the queen outlaw, and sister to Bill and Jim Cook, is in Muscogee. It is believed she is here to plan a release for Wade Chamble, the robber now in jail. Extra jail guards have been placed on duty.

The people are fearful that owing to the propinquity and phantom-like movements of the bandits, some devilry will soon take place here. United States Attorney Jackson has wired Attorney General Olney that all the officers have returned from the street shot both and but one thing to be done—that is to send troops.

NO TAILS WERE DOCKED.

The Humane Society Found White House Horses All Right.

WASHINGTON, Nov. 22.—The Humane society of Washington has investigated reports that the horses of the White House stable have undergone the process of tail docking and have found them to be untrue. Mr. Pratt, president of the Washington society, received a telegram from the president of the New York society for the prevention of cruelty to animals, calling his attention to the matter and asking him to take action.

An agent of the local society went through the White House stables and found that the tails of the horses had recently been trimmed, but that the flesh had not been cut at all. From the trimming the impression was probably given that the tails had been docked. The keeper of the stables informed the agent that President Cleveland was opposed to docking as being cruel and unnecessary.

CROW IS A BAD MAN.

The St. Joseph Train Robber Killed Five People in Chicago.

CHICAGO, Nov. 22.—Pat Crow, who is under arrest at St. Joseph, Mo., has confessed to being implicated in several train robberies in that vicinity, is well known to the police in Chicago. By the detectives he is rated as one of the most daring robbers of the country and has been in trouble many times. His most notorious escapade in this city, the shooting of five people took place in 1889.

Crow went to a South Side disorderly house and after a quarrel shot one of the inmates. Rushing for the door he shot down a porter and another inmate and when confronted by two policemen on the street shot both and made his escape. None of the injured died and he was never tried for that offense, the police having lost sight of him since that time.

Express Robber Gets Off.

A DIFFERENT STORY.

Lieut. Oyler Tells His Side of Washington C. H. Riot.

Says the Mob Battered the Door With Stones.

COIT WAS NOT DRUNK.

He Saw at Least Fifty Revolvers in the Crowd.

Some One in the Crowd Fired the First Shot.

COLUMBUS, O., Nov. 22.—Lieutenant Oyler, who ordered the troops at Washington Court House to fire, in accordance with orders of Colonel Coit, in a given contingency, testified today in a court of inquiry to the battering of the doors by the mob with stones and other things. A shot fired by a person outside was followed by a cry "all together," and a terrific blow opened the south door four feet, when I gave the command, "fire." After one volley I gave the command, "cease firing."

The door at this moment was open but a few inches, having been closed considerably by the force or weight of the barricade. Neither the witness nor his men were intoxicated. "They had no opportunity to get into such condition."

Witness had drunk a glass of beer immediately after dinner. The firing was at night. He was confident the mob was determined upon getting in. A line of soldiers outside, around the building would have been weak and easily overcome. The witness said such a defense would have been idiotic.

He saw at least fifty revolvers in the crowd in the afternoon. Col. Coit and Major Spears were not intoxicated. The persons outside did run when the door gave way. Riot shells containing shot could not have been used, not being fitted to the rifles of the O. N. G.

COLUMBUS, O., Nov. 23.—C. E. Page, a dentist at Washington Court House testified that in the evening he heard the crowd warned by one officer in the window of the court house.

MINISTERS INSTRUCTED.

The State Department Acts on the Suggestion of Japan.

WASHINGTON, Nov. 22.—In accordance with a suggestion of Japan, the state department has notified Minister Dunn at Seoul, Korea, that he is to permit such direct offers as China may wish to make to Japan. As the cable directions were sent Tuesday, sufficient time has not yet elapsed to know whether China will consent to make an offer direct and definite, as Japan insists must be done.

The Chinese legation here is not notified as to what course its government will take. An Associated Press cable from Japan states however, that China has intimated her willingness to pay an indemnity of 100 million taels and in addition pay all the war expenses incurred by Japan.

Owing to the fact that the Japanese are now at the walls of Port Arthur, about to make the last blow at China's greatest fortress, it is anticipated that China may hurry things to a conclusion. It is expected that Minister Dunn will transmit the offer by telegraph to Peking and Shanghai and thence by cable to Yokohama. The understanding is that China and Japan will pay the expenses of the American ministers, incident to the negotiation.

DEAD AS A MACKEREL.

Empty Chairs at Congressman Wilson's Lecture On Tariff.

BALTIMORE, Md., Nov. 22.—The friends of Congressman Wilson in this city are disappointed over the failure of the people of Baltimore to patronize his lecture last evening. He was extensively billed and advertised, and Music Hall, the largest building in the city, was hired for the purpose. The night was fair, and aside from the regular performances at the theaters, there were no counter attractions, but from a financial point the lecture was a failure. Only about 300 persons paid the small price of admission to hear him. Mr. Wilson received \$3.00 for the lecture.

WORKING ON THE MESSAGE

President Cleveland is at Woodley and Will See no One.

WASHINGTON, Nov. 22.—President Cleveland has not been at the White house since last Friday when he attended the cabinet meeting and received the delegates to the agricultural experimental station convention. Since then he has remained at Woodley, denying him self to all callers, except members of his cabinet.

This is partly accounted for by the necessity he is under to prepare without interference his annual message to congress before December 3, but it is also true that he is suffering considerable pain from the injury sustained by straining the tendons of one foot, which happened to be particularly sensitive by reason of an attack of gout. It is stated that beyond this temporary ailment the president enjoys his usual health.
